Flashes of Lightning all over the Country.

Deluge of Rain Every

Terrible Tornadoes.

Great Loss of Property.

New Wheat in Cairo.

Incendiary Firemen.

MENDOTA, Ill., June 7.—The town of Tampico, containing about 100 houses and 700 inhabitants, in Whiteside county, 37 miles from this place, was visited by a tor-nado last night and almost entirely destroyed. The tornado came from the west, and did not leave a building standing in its way through the town. It seemed to have been an immense whirlwind, striking the town and destroying it, then, rising from the earth dissolved. It was about 40 rods wide, and half a mile long. The storm struck the town at 11:30 P. M., and lasted but a few moments. Most of the inhabitants were in bed and asleep, not dreaming of such a terrible affair. It commenced to rain gently at first, accompanied by se-vere thunder and lightning; then, all at once came the fearful wind, and in a few

moments the people found themselves, some lying upon the prairie, many feet from their dwellings, while others were buried under the ruins of their buildings. The scene was awful. Flying timbers and debris of houses filled the air. The storm soon spent its fury, but the few moments it lasted sufficed to destroy many pleasant homes, and rendered two-thirds of the people homeless. Quite a number were severely hurt, several dangerously. The

most serious casualities are: Mrs. J. G. Gates, leg broken in two places; Maria Barnes, jaw broken and dangerously injured on the head, recovery doubtful; another Mrs. Gates seriously bruised; Mrs Pearsoll, badly injured; Mrs. Gates, shoulder broken; Granville Cannon, badly hurt about the head; J. G. Gates, bruised severely. A number of others were injured. but none severely. The loss of property will not be less than \$150,000. Twentyone buildings were totally destroyed an every house in town more or less damaged. There was little or no damage in the surrounding country.

CLINTON. Iowa, June 7 .- The severest storms occurred here Saturday and Sunday nights that ever were known in this vicini ty, doing much damage. The railroad tracks are badly washed. The train from Dubuque to Chicago had not arrived at 1 o'clock to-day. There is a bad wash-out, and a train in the ditch at Morrison, Ill. The crops are badly damaged. At Lyons, Iowa, the damage is several

thousand dollars.

It is claimed that fifteen inches of water Prairie.... has fallen since Saturday night. The worst storm ever heard of in this part of the State passed over Harvard and this oak,

vicinity this morning. The storm of both wind and rain, commenced at 5:30, and raged for one hour, demolishing dwelling Market Square..... houses, barns and fences, also destroying At Yards...... the Chicago & Northwestern Railway Company's new engine house. No one is reported seriously hurt. The damage to

and as we write this telegram the clouds promise more of the needful. Just before the rain commenced to fall a cyclone came from the west and passed through over the city. When first seen it was about the middle of the river bearing to the bottom of the stream, raising the water with it as it ascended, many feet, alighting, asit were, some 400 yards to the east, immediately in a fine new brick building being erected by Dean Brothers for a grocery store, leveling its walls to the ground. The cyclone arose from the building and was seen no more. In the fall a butcher shop was crushed, but

fortunately no one was hurt. O.TAWA, Ill., June 8. -A heavy thunder storm visited this city this morning. LASALLE, Ill., June 8.—There was much thunder and lightning here last night, and a heavy shower this morning, but the weather is still very hot.

ra, last night about midnight, witnessing the rain fall and the rapidly flashing light-ning, were startled to see a ball of electric fire, very much resembling a sponge filled with blazing kerosene, rolling along the telegraph wires of the Great Western Telegraph Company. The ball followed the wires into the office, which is situated in Mixer & Warner's confectionery rooms, of fire-works in the store in a blaze, which A TWO STORY COTTAGE HOUSE ON MADISon, between Cable and Highland streets. of the store. Fortunately no one was in the store at the time, and the prompt arri-

val of several persons on the ground saved the building from a general confiagration, the loss being probably not over \$300, which is fully insured. On Saturday evening the barn of Mr. Schaub, in Blackberry, five miles south-

BELOIT, Wis., June 8.—One of the most violent storms of wind and rain ever known in this section prevailed here early this morning. The First Presbyterian Church was damaged to the extent of \$1 500 by having its action of \$1 500 by having its actio having its spire blown down. The spire of the Second Congregational Church was slightly damaged. H. & E. L. Graves' extensive corn sheds were blown down, and numerous chimneys, fences, and trees shared a like fate. The damage done in this city and vicinity is estimated at between

\$5,000 and \$8,000. Frankville, Wis., June 8.—A terrific thunder shower passed over this section this morning. The rain fell in torrents for over four hours. Farmers from Raymond report that Root river raised some four feet in five hours. Several barns were struck by lightning, two of which were con-sumed. J. Y. Earle lost three horses and two cows, which were struck by lightning. Considerable hail fell in some places, seriously damaging the crops. The track of the Western Union Railroad, near Lyons, was washed away, delaying passenger trains several hours.
